

# 1<sup>st</sup> Golm Workshop on Bioactive Surfaces

Fraunhofer IAP, big seminar room, Friday May 09<sup>th</sup> 2008

09:00-09:05 Welcoming – Hans-Peter Fink, director of Fraunhofer IAP

09:05-09:15 Introduction – Helmuth Möhwald (MPIKG)

## *Design and synthesis of bioactive surfaces*

09:15-09:45 Results of the Lutz/Laschewsky groups (IAP)

9:45-10:15 Results of the Börner group (MPIKG)

10:15-10:45 Results of the Schlaad group (MPIKG)

## *Theory and characterization of Synthetic-biological interfaces*

10:45-11:15 Results of the Weigl group (MPIKG)

11:15-11:45 Results of the Fery group (MPIKG)

*11:45-12:30 Lunch break at Fraunhofer IAP*

12:30-13:00 Results of the Brezezinski group (MPIKG)

## *Cell-adhesion control*

13:00-13:30 Results of the Duschl group (IBMT)

13:30-13:45 Future directions and challenges – André Laschewsky (IAP)

13:45-14:15 General discussion

14:15 Adjourn
